WHAT WE HAVE LEARNED AND
WHAT WE ARE DOING:

HOMELESS SHELTERS ARE A STOP-GAP, NOT A DESTINATION. BUT:

People in homeless shelters must navigate....

A bewildering array of services and requirements....

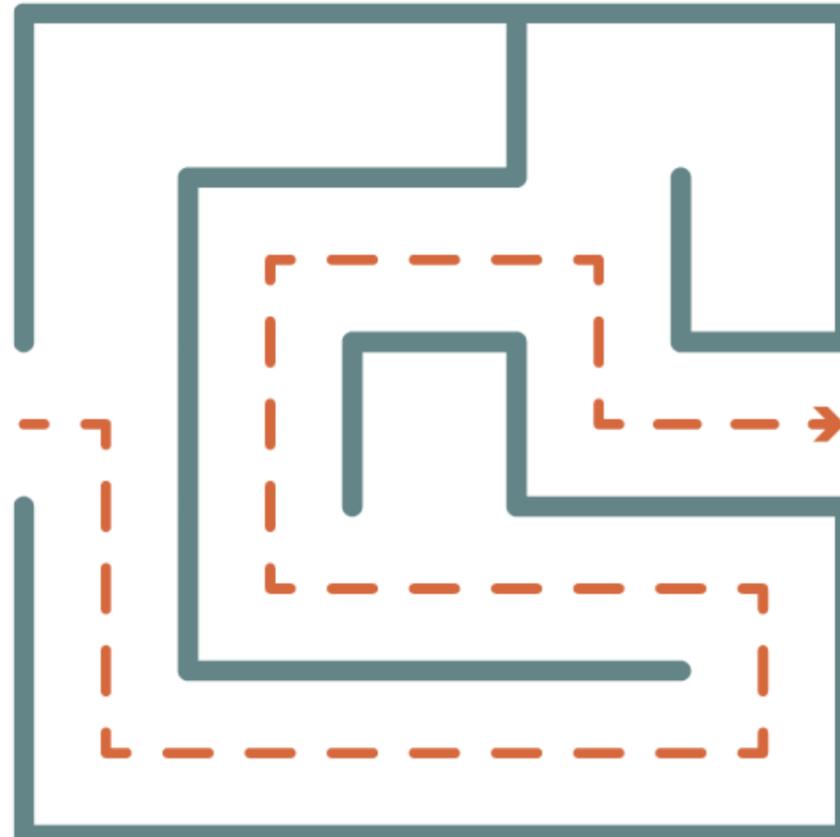

To move from shelters, to the dream of a home and new start.

HEARTS FOR HOMELESS MESA VOLUNTEERS ACT AS CONSISTENT (6 MONTH MINIMUM COMMITMENT) NAVIGATORS AND ADVOCATES.

We help those who are in shelters and need a home....

To access a variety of services and programs, and navigate....

The path to housing and a new start.

COMMUNITY BUILDING: THROUGH MESA, HEARTS FOR HOMELESS EMPOWERS VOLUNTEERS TO CONTRIBUTE IN MEANINGFUL WAYS TO THEIR OWN COMMUNITIES.

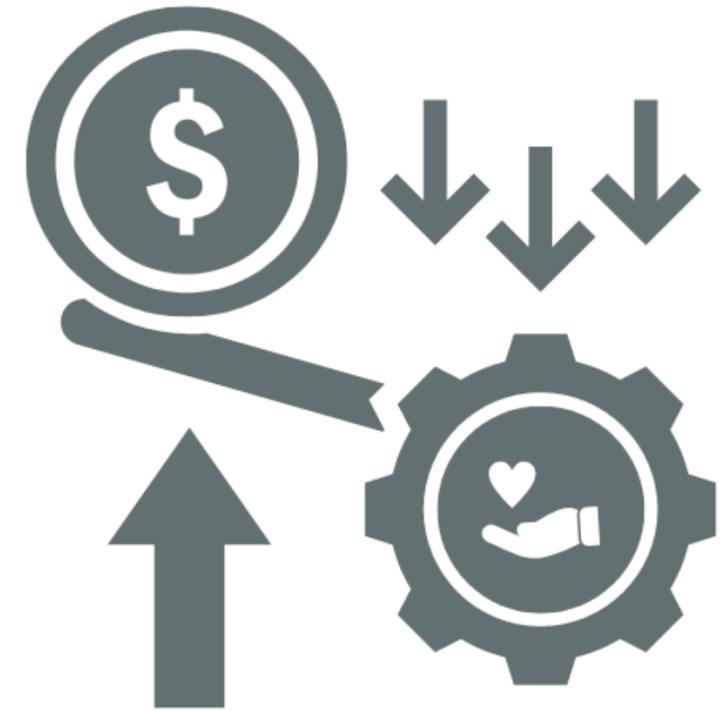

Many see homelessness, and want to make a difference

“Observing the growing homeless situation in my neighborhood, I wanted to find a way to help.

The Hearts for Homeless program was a great way for me to do that.

I get the support of the team, the training and tools in the MESA program, and the satisfaction that my commitment will result in better lives.”

- Improved NPO results.

Financials

- *Initial model:*
- \$250,000 Annual Budget delivers:
- 20 Active Volunteers who invest 4-8 hours a week - as many as 10,000 hours a year
- Plus, management, administration, reporting, support team, and Jack Fuller full-time.
- In all, the first-year goal is to deliver the equivalent of 6-10 person-years, which would cost at least \$60,000 each

“I’ve known Hearts for Homeless Founder, Jack Fuller, since 2002. He knew me when I was homeless & deeply into alcohol & street drugs. He was involved in 2 alcoholic interventions & 2 residential rehabilitation programs. He found out going on 5 years ago I was in jail & helped me”
